CONGRESSMAN LESTER FALLS THRO' SKYLIGHT

He Was on Roof of Apartment House at Washington.

NO HOPE FOR HIS RECOVERY

One Leg Crushed, Shoulder Fractured and Also Internal Injuries—Mr. Lester Has Represented Savannah Since Beginning of 51st Congress.

Washington, June 18.—Crashing through a skylight in the cupola 15 ft above the roof of the 13-story Cairo apartment house, on Q street, about 9:30 o'clock Friday night, Colonel R E. Lester, national representative from Savannah, Ga., was so badly injured that he will probably not recover from injuries.

In a shower of breaking glass his body fell 30 feet to the twelfth floor, and his right leg was mangled, while his left leg and left shoulder were fractured, and his head and body were cut and bruised.

After climbing a ladder and squeezing his body through a hole barely large enough to admit a man, he then crawled out upon the frail glass work in the darkness and it gave way under his weight.

Mrs. E. K. Moore, who resides on the twelfth floor, had just left the elevator and was passing the iron steps when the body fell at her feet. She ran into her room and telephoned for her husband, who ran to the assistance of Colonel Lester, and he was removed to his apartments on the third floor.

The strange accident has not been explained on account of the precarious condition of the victim, although it is believed by his relatives that he was searching for his two little grandchildren, Lester and Martha Randolph, and believed they were hiding from him in the garret.

Friday after dinner he was in his usual jovial spirit, chatting with the guests of the apartments, where he had lived for more than eleven years during his seasons in Washington.

His condition Saturday morning was very critical. He had lapsed into unconsciousness and it is stated that the chances are very much against his recovery.

Some encouragement was given by a slight rally during the forenoon, but a relapse caused a serious turn for the worse.

When aid reached Mr Lester after the accident, his condition was such that he could not be removed and it was not until morning that he could be carried to his apartments.

Carpenters Will Return to Work.

New York, June 18.—Great Council Brotherhood of Carpenters Friday night ratified an agreement arrived at between the committees and the master carpenters, bringing to an end the carpenters' strike.

The men will return to work Monday. By the agreement the carpenters will raise the wages of Brooklyn men from $4 a day to $4 a day, and of the Manhattan men from $4 to $4.80 a day. The present scale of the Brooklyn men goes into effect August 15th and the new scale for the Manhatan men on May 1st.

Wreck Caused by Negligence.

New York, June 18.—A special to the Times from Red Bank, N. J., says Coroner Tetty held an inquest into the Central railroad wreck at Eatonton on Monday, when Vanduser, of New York, lost his life and a score or more were injured. The jury found that the wreck was due to an open switch which the Atlantic City express had and that the switch was opened through the negligence of Conductor White and Brakemen Boyce.

Fatally Injured by Wagon.

Montgomery, W. Va., June 18.—Jas Dale fell from a load of furniture in an epileptic fit, striking the horses, frightening them into kicking him, and the wagon passed over his body.

GUANO HOUSES FACES SUITS.

Over Quarter Million Dollars Due the State and County Says Stewart.

Atlanta, Ga., June 18.—More than a quarter of a million dollars in back taxes is due the state of Georgia and Fulton county if the ruling of Tax Collector Andy P. Stewart, tax collector, are upheld by the courts.

The back tax is now doubled and will not the state and county $220,18 if they can be collected. The double tax fi. fas. issued by Tax Collector Stewart are against the Swift Fertilizer works to the amount of $71,200; the Virginia-Carolina Chemical company, amounting to a total $138,400, and the Armour Fertilizer works amounting to $10,750.

Mr. Stewart stated Friday that the fi. fas. were issued in accordance with the instructions of the county attorney, L. Z. Rosser, which instructions are in the line with a decision of the supreme court in a case against a booking house in Richmond county, the court holding that taxes should be paid on all money, notes and accounts.

Heretofore these packing houses have failed to return in full taxes on the money, notes and accounts, holding that the taxes on such were paid in the state and county where the home office of the company was located.

Two Hurt in Auto Accident.

Atlanta, June 18.—As the aftermath of an automobile ride Friday night, W. C. Hunt and Miss Grace Goodwin were seriously injured when the machine plunged over the high bank on Delaney Place, between East Point and Fort McPherson, on the College Park car line. Then the gasoline tank blew up and fire threatened the life of the young lady. The friends did their best to get the car from the body, but this was not accomplished until the arrival of the street car. She was taken on the car, unconscious most of the time, and assisted to the street car upon which she was taken to College Park to receive treatment for her injuries.

Doesn't Want Case Appealed.

Birmingham, Ala., June 18.—A special to the News from Jackson, Miss., says that Alex Lewis, a negro murderer, upon whom the death sentence has been passed at Brandon, refuses to allow his lawyers to take an appeal to the supreme court, saying that he is convicted by the citizens of SHIRLEY county and that he is satisfied. Lewis killed a white man, under whom he was working as a convict.

BOLD NEGRO GOT HIS JUST REWARD

Visited Home of Prominent Farmer and Insisted on Going In.

FOUND MASTER WAS AWAY

Notwithstanding That Mistress of the Home Warned Him, He Was Persistent, and it Became Necessary to Summon Assistance—Negro in Jail.

Sunday morning about 9:30 a strange negro called at the home of Archie Jackson, and asked if "de boss man" was at home, and being answered in the negative started to go into the place, whether or no, and was warned away by Mr. Jackson's wife.

As the negro evidently was bent on coming in, anyway, Mrs. Jackson called a young negro man who works on the place, who asked the strange negro his business. He replied that it was "none of his business," and went away muttering.

Mrs. Jackson immediately came to the city and notified Marshal Pinkoson, while L. W. Jackson notified Deputy Sheriff James Granger, who proceeded to search the woods for the man, of whom they had a good description

Marshal Pinkoson deputized John Bennett and "Happy" Heckard and in a short time this trio had run their man down, locating him at the house of a colored man by the name of Lucas.

He was brought to town and lodged in the county jail. He gave his name as Arthur Richardson and claimed to hail from South Carolina.

Richardson was arraigned in Justice Colman's court Monday morning upon a charge of trespass, and was assessed to pay a fine of $20 and costs, or spend six months in the county jail. In default of the payment of the fine, he will be a boarder at Hotel d'Fennell during the term of his sentence.

W. U. CABLE WORK.

Large Force Now Engaged in Making Most Desirable Change.

The Sun announced several days ago that the Western Union Telegraph Company, on account of the greatly increased business, had decided to construct a cable system here, such as is used in the large cities of the country.

A large force of workmen have been engaged for the past ten days on this work, and are making fine progress. All wires will be run through an upper cable, eliminating the danger of crossed and burned-out wires, and otherwise greatly improving the service, which has heretofore been handicapped or delayed, owing to the inefficient facilities.

Manager McCormick of the local office is greatly pleased with the proposed change, as he is desirous of affording as good service as can be found anywhere, which he will be enabled to do in a few weeks.

It might be interesting to know that the Gainesville office of the Western Union is about the fourth in importance in the State, when it comes to business, and naturally the company proposes to look after its interests and the interests of its patrons. A large volume of business is handled at this office, and, considering the small force to do the work, Manager McCormick deserves a great deal of credit.

A Card From J. G. Dampier.

Editor Sun: Please allow me space in your valuable paper to express my thanks to the voters of Alachua county for the support I received in the primary of June 12th. This, my friends, is the fifth time you have honored me by electing me county commissioner, and I assure you my greatest ambition will be to serve you in a way that will prove to you that I am worthy of the confidence that you have so generously bestowed upon me.

I especially thank you for the genteel manner in which you conducted my campaign

Your humble servant,
J. G. DAMPIER.

Winecoff, formerly of Micanopy but for the past ten or twelve years connected with a pottery company in Ohio in the capacity of traveling salesman, writes friends here, through souvenir postals, that he is pleasantly located at Mt. Clemens, Mich., for a while—at least as pleasantly located as he could hope to be, for he is suffering from neuralgia, and is at that resort for the purpose of taking the celebrated Medea baths, which are located at Mt. Clemens.

HIGH SPRINGS EXCITEMENT.

Sextette Brought Here Charged With Breaking and Entering.

A sextette from High Springs, charged with breaking and entering cars of the Atlantic Coast Line, were arrested and brought to this city Saturday night by Deputy Sheriffs F. S. Rhodes and L. B Bryant.

The sextette is composed of five white boys and one negro. The white boys are all under twenty-one years of age, so it is said, and are the sons of prominent and well-known people of that town, as a rule.

It is charged that, on a certain night recently, these people entered the cars and took therefrom several hundred dollars' worth of goods, and it was for this that they were arrested.

The prisoners were brought to this city and placed in jail, where they will remain until tomorrow, when a preliminary examination will be held under direction of Judge Mason.

Information comes from that progressive town that the day will be made one long to be remembered by those who attend. There will be patriotic speaking by a number of the prominent people of the West End. County Superintendent of Public Instruction, Dr. J. L. Kelley, will be invited to make the oration of the day.

It is needless to add that the good ladies of the Trenton district, who have a reputation for fine cooking, will be there with well-filled baskets.

Further particulars of this gathering will be given later.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

CONTAGIOUS BLOOD POISON

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER. 801 Allen Ave., St. Louis, Mo.

FOR OAK HALL TEAM.

Committee Solicited Merchants for Money With Excellent Success.

Since the reorganization of the baseball interests of Gainesville a few days ago, by the election of officers and determination to make a club second to no amateur club in the State, interest has arisen to a great pitch, with the result that a first-class club for the remainder of the season is an assured thing.

It will be remembered that, at this meeting, prominent citizens were elected as executive officers, being Hon W. G. Robinson, president, J. R. Fowler, vice-president, and S. M. Davis, secretary and treasurer.

Possessed with a determination to secure sufficient funds for the equipment of the club in uniforms, etc., Messrs. Fowler and Davis canvassed the city Saturday, approaching all business men and citizens, in the matter of securing sufficient money for the same. These gentlemen enjoyed remarkable success along these lines, our citizens responding liberally, with the result that ample funds will be raised.

The newly organized club will assume the old name—the Oak Halls, which, like some other things we read about in the advertisements, "has made Gainesville famous" for many years. There is plenty of good material here, and there is no reason that Gainesville could not again secure the best enlisted amateur ball club in the State.

The Oak Halls will have their first games this week, playing Wednesday with Monticello and Thursday with Tallahassee, both games on the local diamond. The management is also corresponding with Palatka, in view of having a game Friday afternoon.

HAS GOOD POSITION.

George M. Lynch Appointed President of Jasper Normal Institute.

Captain George M. Lynch, formerly assistant commandant and a member of the faculty of East Florida Seminary, last term a member of the faculty of the University of Florida, and one of the most widely known and most competent educators in the State, has been appointed as president and principal of the Jasper Normal Institute, one of the oldest and finest schools in the state, which institution has turned out more first-grade certificates than any other school in the State.

Prof. Lynch was tendered this position some time ago, but for certain reasons held his acceptance off until what he would term the proper time. He had no idea of declining the appointment, but had reasons which he thought best at that time to keep to himself.

Captain Lynch visited the school last week, when he delivered an address on "American Ideals," with his usual eloquent and impressive manner. His work was good, and it is safe to assert that as long as Captain Lynch wants a position along educational lines in Florida he will have the endorsement of those who heard him.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love.

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular periods, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"For nine years I dragged through a miserable existence, suffering with inflammation and female weakness and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular periods, backache, bloating or flatulence, displacements, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

IN MAYOR'S COURT.

Mary Williams Cursed John Thompson, and Is Paying Penalty.

Mary Williams, a well known colored woman who has been in trouble before, is now serving a term of twenty days in the city jail, having been convicted on a charge of disorderly conduct in the mayor's court, and sentenced to pay a fine of $10 and costs, or spend twenty days upon the "hospitality" of the city.

The particulars of the case could not be learned, but it is understood that Mary and John got into an altercation—a war of words—when Mary proceeded to tell him what she thought of him, and she didn't confine herself to any specially refined language, either.

Mary will probably spend her time in cooking and cleaning, but it will go hard with her, and it is to be hoped will prove a lesson on the lines of discretion in future.

A Fine Appointment.

Hon. W. H. Holden of Waverly has received information that his brother, J. E. Holden, has just received an appointment as president of the old National Bank of Tallahassee, Fla.—and the best part of the whole business is that this distinguished official-ness is to be without salary as an incentive, and the bank pays that for signing as president. The boys are trying to make him feel that he is not signing for nothing, but for a good time, with a gold frame, and a big salary attached. Holden deserves it, and we are glad to take that view of the matter. Waverly Advocate.

Some persons who love a tiger hunt are on the trail of William Travers Jerome.

Senators Burton and Smoot can now rub each other down with arnica and compare notes.

It must be a whole lot of satisfaction to General Miles to be able to say, "I told you so."

Since his packinghouse report Commissioner Neill is considered the chief "smeller" of the administration.

Admiral Rojestvensky is to be tried for his life, which was about all that Togo and the Japanese fleet left him.

Nobody has thrown any bouquets at the Czar yet. And if they do, he will take precautions to see that they are not loaded.

What a mild mannered thing stealing a crop report would now seem after all the more horrible things we have read of lately.

Undoubtedly Senator Smoot is feeling sorry for some of the men who are married to some of the women who are after him all the time.

The parties who accuse young Mr Rockefeller of gum-shoe tactics in organizing a new rubber trust, are probably stretching things a bit.

It is interesting, if surprising, to find that Mr. John D. Rockefeller behaved like an ordinary human being during his voyage across the Atlantic.

Next we will be hearing about the government prowling around trying to find out what the cheap restaurants have been putting in the hash.

Panama wants this country to supervise her elections. Evidently she is looking for some useful hints on keeping the dominant party in power.

BE CAREFUL.

During the past year or so certain business men of Gainesville have innocently conducted schemes to draw trade which, under the law, are held to be lotteries. We refer to the giving away to customers of tickets with each purchase, one or more of which tickets draw a prize, either cash or merchandise. It has been the custom of these merchants to advertise these schemes in The Sun, including the number of the ticket which drew the prize, and upon the appearance of such a notice in a recent issue of this paper the editor's attention was called to the fact that the edition could be excluded from the mails. We thereupon instructed our employes not to insert such notices in The Sun again until the matter could be investigated. We had Postmaster Arnow write the Department at Washington regarding the matter, and the following is the reply:

"Office of the Assistant Attorney-General for the Postoffice Department, Washington.

"June 15, 1906.

"Postmaster, Gainesville, Fla.

"Sir: Your communication of the 6th instant to the Third Assistant Postmaster-General has been referred to this office. In reply you are informed that the scheme stated by you is held to be a lottery, and matter of every kind advertising or in any manner relating to the same should be excluded from the mails.

"Very respectfully,

"R. P. GOODWIN,

"Assistant Attorney-General for the Postoffice Department."

The people of Gainesville and other places are therefore warned against conducting such schemes. In a certain town in the West the postmaster excluded a newspaper from the mails for publishing a list of prizes won at a card party, and the Postoffice Department sustained the action of the postmaster.

REPUBLICANS AND MONOPOLY.

The House of Representatives, on June 8th, adopted a resolution looking to the establishment by the Government of an armor plate plant. The extortionate prices charged by the armor plate trust for its products have made the ownership and operation of such a plant by the Government a necessity. To allow private corporations to hold a monopoly of things indispensable to the Government, and thereby to fleece the public as the armor plate trust, the powder trust, the beef trust, the coal trust, the steel trust, and others have done, is an unpardonable sin and shame. If the tariff rates on trust products were reduced or abolished there would be competition, which would break down the monopoly that these trusts now enjoy. But the Republican politicians refuse to revise the tariff and seem quite willing to vote appropriations for trust products at monopoly prices.

Charges of official misconduct against Wm. Travers Jerome, District Attorney of New York, have been filed by Governor Higgins and signed by five prominent citizens, including Congressman Robert Baker. Mr. Jerome is charged with nonfeasance, misfeasance and malfeasance and a long list of specifications is given. It is urged that his continuance in office would be "a scandal and a menace." This is a severe arraignment of a man whose election was heralded as a triumph of honesty over dishonesty.—Miami Metropolis.

Wm. Pinkney Whyte, successor to late Senator Gorman, having been in the Senate before, the cutups in that body may refrain from "hazing him" by leaving the chamber when he gets up to submit a few remarks on the pending question.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

Editor Straub of The St. Petersburg Times gives his readers an interesting account of a fishing trip to Johns Pass, on the Gulf Coast, where the tarpon were as numerous as mullet when the editor of The Sun frequented that vicinity thirty-two years ago. Many a day's sport we've had in that section in our boyhood days—hunting turtle eggs, turning loggerheads, etc. And the Southern Gulf Coast is still the sportsman's paradise, it seems.

If there is a county in the entire State of Florida in need of good roads, its Alachua. Much money has been spent on machinery, etc., to build roads, but until the convicts are put to work on the public highways in a systematic manner under a competent overseer, there is not much likelihood of the roads in this county being greatly improved.

Over two thousand votes were polled in DeSoto county at the primary on June 12th, out of which W. H. Hooke, anti-division candidate for the Legislature, defeated A. P. Jordan, division candidate, about 150 votes. Pretty big vote for a county the size of DeSoto.

It is now said that Miss Helen Gould will attempt to reconciliate her sister Anna and Count Castellane. This lovable woman, who has done so much good in the past, should not waste her time on that old French rake, Count Boni Castellane.

That railroad employe who saved $60,000 in six years on a salary of $30 a week ought to be a shining example to the government clerk in Washington who has a hard time keeping out of the hands of the loan shark.

A Salt Lake woman who was compelled to choose between her husband and her dog, stood by the latter. Dogs are so valuable, and there are so many women trying to get rid of their husbands at any price.

The saloons are allowed to run wide open during primary elections in Pensacola. This is contrary to law, and is evidence that the saloon keepers have a strong pull in the Deep Water City.

The Sun congratulates The Ocala Daily Star upon the celebration of its twelfth birthday. It is one of the best afternoon dailies in the State, and deserves the success it has achieved.

Sir Thomas Lipton is divided in his mind as to which would be the best advertisement, making another try for the American's Cup or opening a stockyard in opposition to Chicago.

Congress has done business for almost two weeks without anyone being called a liar outside of a few unimportant committee hearings.

It will be easier to believe that President Castro has retired from public life after one has not heard of him for a week.

TINNED CHICKS SCARE COMMONS

Discovery of American Canned Fowl in Restaurant Alarms Members.

London, June 18.—A fresh lot of questions relating to the Chicago meat packing disclosures are being prepared for presentation in the house of commons next week.

Michael Hicks Beach, son of the former chancellor of the exchequer, will ask War Secretary Haldans to inform the house of the quantity of the Chicago meat supplies sent to the troops in south Africa during the late war and what proportion of enteric deaths ought more properly to have been ascribed as being to "ptomaine poisoning."

The question is based on the discovery in the dining room of the house of commons of a box marked "Armour's (St. Lous, Chicago and Kansas City) Chickens." Frederick B. Smith, unionist, will inquire what portion of th efood supplied to the members of the house comes from Chicago.

There was an incidental mention of canned meats in the course of the inquiry into the African war stores' scandals. Evidence was given to the effect that army officers sold 20,000 cases of canned meats, including the Armour brand, Helmet brand and the Mitchell brand, to a contractor for 2 cents a pound. The contractor complained that the meats were bad and returned the cases. The officer who sold the canned meats testified that he subsequently ordered the "filth" to be dumped into the sea, and much of it afterwards floated ashore and was picked up by the Kaffirs, who ate it, with the result that a number of them died with ptomaine poisoning.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their porsonal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

Sues the Postmaster.

Evansville, Ind., June 18.—Mrs. Francis A. Miedreich, wife of a local attorney, has filed suit against Postmaster Charles G. Covert for $5,000 damages, alleging that when Covert was County Sheriff, in 1896, he was given a summons to serve on her, and that the summons was returned to the court fraudulently marked "Served," and that it caused her to lose a suit that was pending.

Will Pay Losses In Full.

San Francisco, June 18.—The thirty-two insurance companies that rejected the suggestion of a 75 cent compromise, put forward by sixty-one of their associates in the underwriters' bureau, have received two additions to their number. The Insurance Company of North America and the Niagara of New York, have announced that they will pay up dollar for dollar on their losses.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

That is why when your kidneys are weak or out of order, you can understand how your entire body is affected and how any organ seems to fail to do its work.

If you feel sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by doctoring your kidneys. Note the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands highest for its wonderful cures in distressing cases, and is sold by druggists by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, also a pamphlet telling you all about it if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DISFIGURING SKIN HUMOR

Impossible to Get Employment, as Face and Body Were Covered With Itching Sores—Scratched Till Flesh Was Raw—Spent Hundreds of Dollars on Doctors and Hospitals and Grew Worse

CURED BY CUTICURA IN FIVE WEEKS

"Since the year 1894 I have been troubled with a very bad case of eczema which I have spent hundreds of dollars trying to cure, and I went to the hospital, but they failed to cure me and it was getting worse all the time. Five weeks ago my wife bought a box of Cuticura Ointment and one cake of Cuticura Soap, and I am pleased to say that I am now completely cured and well.

"It was impossible for me to get employment, as my face, head, and body were covered with it. The eczema first appeared on the top of my head, and it had worked all the way around down the back of my neck and around to my throat, down my body and around the hips. It itched so I would be obliged to scratch it, and the flesh was raw.

"I would first wash the affected parts with warm water and Cuticura Soap, and then apply Cuticura Ointment and let it remain on all night, and in the morning I would use Cuticura Soap. I am now all well, which all my friends can testify to, and I will be pleased to recommend the Cuticura Remedies to any and all persons who wish a speedy and permanent cure of skin diseases." (Signed) Thomas M. Rossiter, 200 Prospect Street, East Orange, N. J., Mar. 30, 1905.

Cuticura External and Internal Treatment (consisting of Cuticura Soap, Ointment and Pills) is sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, U. S. A. Mailed Free, "A Skin of Beauty, Scalp, and Hair."

Lower Gas Rate for Macon.

Macon, Ga., June 18.—The president of the Macon Gas Light and Water company announces that the company has decided to reduce Macon's gas rate from $1.50 per thousand to $1.25, giving a 16 per cent reduction from the $1.50 for all who pay their gas bills before a certain date each month. The Macon News declares that the reduction is not sufficient, and that the conscience of the gas company should not be easily satisfied. It insists on a greater reduction, inasmuch as the city council has refused to permit a competing company to do business in Macon.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thornes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was splendid. A few doses started the gravel-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me a thousand dollars worth of good." Foley's Kidney Cure will cure every form of kidney and bladder disease. J. W. McCollum.

Ambassador Baron Speck Von Sternburg, it is understood, has arranged with the foreign office for their presentation to Emperor William.

THE NEWS FROM SANTA FE.

Annual Re-Union of Futch Family—Farmers Suffering—Other Notes.

Santa Fe, June 18.—The annual reunion of the Futch family will take place as usual at the home of W. M. Blitch on the 24th of June, that being the birthday of Eli, or as he is called, Grandpapa Futch. For years it has been the custom of his children, grand and great-grandchildren to meet on that day to do him honor by celebrating the day of his birth.

The rainy weather has greatly damaged the corn and cotton crops of this vicinity, more especially the cotton crop, a large acreage of which will have to be abandoned owing to its being under water and grass. Even if the rain was to subside now, and labor could be gotten, it is too wet to work it out in time to save it. It is indeed a gloomy time with the farmers. The watermelon growers here are badly hit, owing to the rain, causing the young melons to drop and retarding the growth of the vines.

D. J. Futch of Webster, a brother of Grandpapa Futch, is visiting relatives here. He is one of the old veterans that followed Johnson and Bragg during the war. He enjoys telling of the many startling events and the many bloody fields during that time. He was captured by the enemy twice.

J. A. Durrance of Bland, who is wielding the yard-stick for Capt. J. L. Mathews, visited Santa Fe yesterday.

Master Leon Rivers of the University City is visiting his grandparents here this week.

J. C. Holder is visiting relatives and friends here. John has many friends here who are always glad to meet him.

E. L. Blitch and J. A. Doke visited relatives and friends in High Springs yesterday. They report a pleasant time.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Dies From Injuries.

Bellefontaine, Ohio, June 18.—Miss Nellie Bullard is dead from injuries sustained more than one year ago while a nurse in the State Hospital For the Insane at Toledo. Miss Bullard was alone in a ward with a number of insane patients, and one of them attacked her, inflicting injuries to her spine. The legislature voted Miss Bullard $2,500 because of her injuries.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for rheumatism, burns, cuts, sprains, neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

Damaged by Fire.

Salt Lake City, June 18.—The two upper floors of the building occupied by the Salt Lake Tribune, the oldest morning paper in the state, were damaged by fire early Saturday. The editorial and mechanical departments of the paper are located on these floors, and besides the valuable library and the typesetting and electrotyping machines were destroyed. The Evening Telegram uses the machinery of the Tribune to print its paper, and it will also suffer by the fire. Both papers will be issued as usual this afternoon and tomorrow, using the presses of other local papers. The loss will be about $60,000.

Notified to Improve Conditions.

Chicago, June 18.—The city health department Friday sent its first official written notice to the packing companies at the Union Stock yards to improve the sanitary conditions of their plants. The packers were instructed that they must within three days discard the filthy tables and benches, provide cleaner rooms and tools, and correct some of the present unsanitary conditions. Structural changes in the buildings, including new toilet rooms, and more ventilation and light must be made within thirty days.

Why not buy it now and be prepared for such an emergency? For sale by all druggists.

Hard to Convict Rich Man.

New York, June 16.—Replying to criticisms by Governor Folk, of Missouri, District Attorney Jerome said the difficulty arises not from a disinclination to punish him on the part of the prosecutor, but because it is difficult to get evidence to connect him with the crime. The public is inclined to think that no man of wealth and power can be convicted of crime at fault, said Mr. Jerome.

MEETING OF TRUSTEES.

Practically Same Faculty Elected to University High School Next Term.

A meeting of the trustees of the Gainesville sub-school district was held at the office of Col. W. W. Hampton Monday afternoon, when a great many matters of importance were brought before the meeting.

One of the most important matters was the recommendation of a faculty for the ensuing year, and after considerable discussion over the matter, considering the deficiency of the various applicants, etc., it was decided to recommend to the Board of Public Instruction the same faculty as taught the school the past year, with one or two exceptions.

The recommendations will be made to the school board at its next meeting, and will no doubt be approved without opposition.

There has been some misunderstanding, it seems, through the laws, as to when it is legal to shoot doves, snipe and bats, from April 1st to November 1st, of each year. Sheriff Fennell requests The Sun to announce that the law provides that no birds named as above shall be shot within this time, and sportsmen shall be governed accordingly.
